FINE ARTS FRIDAY: PRE-K – 12TH GRADE

Do you want your child to have more opportunities, explore interests and develop abilities in art, music, literature, or foreign language? Discover the possibilities offered in FCA's Fine Arts Friday program.

This program was designed for Pre-K – 12th grade students and offers a variety of classes that are fun to learn in small groups.

With the class options made available to you with the FCA Fine Arts program, you can give your child all of this and more in one place! You no longer have to drive all over town for various classes. FCA's Fine Arts Friday program offers great classes all day long at the same location!

We provide classes in art, drawing, photography, creative writing, music, band, culinary arts, computer lab, sewing & quilting, literature, and much more. We also provide diverse specialized classes such as foreign language, driver's education, personal finance, home economics, kids' science, and more. We teach the skills children need to bring creativity and diversity into their adult lives.

Perhaps your children love homeschooling but they thrive as social learners. Students attending FCA's Fine Arts Friday enjoy the interaction and the friendships that

develop while learning in small classroom environments.

FCA experienced teachers help students progress and expand their creative abilities in areas of art, music, photography, and more.

Classes are interactive, hands-on with a small group style, usually 12 students or less. Classes are organized into primary (Pre-K-K), elementary (1-2), upper elementary (3-6) middle school (7-8) and high school (9-12) levels, and are held each Friday. Students are able to attend a half or full day.

Pre-K – 6th grade students are offered six (6) 45-minute classes.

7th – 12th grade students are offered three (3) 1.5 hour classes.

Check out the FCA Website for a complete listing of classes and current class schedules.

The teaching staff at FCA is a dedicated group of highly-qualified, wonderful teachers who have a genuine love for children and home education. We invite families interested in this program to call the school office to set up a day to be our guest on campus.
